

# MEDICAL COUNCIL OF MAURITIUS

## COMMUNIQUE

Addendum to the Communique published on the website of Council on 01/12/2020; the Medical Council of Mauritius will **not process** payment received from any Company / Institution / Medical Center or Clinic made via Bank Transfer / Standing Order in its system unless the Company / Institution / Medical Center or Clinic mentions on whose behalf it is effecting payment.

The onus is on the doctor to inform Council when he/she is making a payment for his / her annual fee payment via standing order **either** by sending a screenshot of proof of payment made successfully via email **or** writing his / her full name in the description field when making the payment.

As such, it will enable Council to identify his / her respective name and payment for including his / her name in the annual list.

**Note: The Medical Council of Mauritius declines any liability in the event a doctor fails to comply with the above.**

**No new standing order requests will be entertained by Council. It is recommended to make payment for annual fee via cash, cheque or postal money order.**
